APPLICATION AND PROGRAM INFORMATION

PROGRAM BACKGROUND INFORMATION

The Sister City Commission of the City of Edmonds invites students 14-18 years of age to participate in the annual Student Exchange to Hekinan. 15 students will travel to Hekinan for the last two weeks in July 2017. Student cost for the trip has ranged between \$1,600 and \$2,200 and is dependent upon the cost of airfare. Students from Hekinan will be traveling to Edmonds for 14 days, arriving in early August. Hekinan has been our Sister City since 1988 and the exchange program has been a central component of that relationship. Several schools in Edmonds have established relationships with schools in Hekinan at both the elementary and secondary levels and many students have made lifelong friends.

Hekinan is about 30 miles south of Nagoya (home of the 2005 World's Fair) and is located on Mikawa Bay. The City has a population of approximately 80,000 and is a major port for the export of Toyota automobiles that are manufactured in the area. Hekinan is also noted as a fishing port and for the manufacture of ceramics and roof tiles that are an ever-present feature of the Japanese landscape. Nagoya is the third largest city in Japan and is ideally situated for the tourist to reach other major historic sites such as Nara and Kyoto. The Ise Shrine, one of the most sacred sites in all of Japan, is also nearby. Hekinan officials traditionally transport our students to one or more of these attractions each year. The City officials have enthusiastically embraced the Sister City program and have been a major contributor to the development of the Centennial Plaza and waterfront in downtown Edmonds.

The exchange program is based on homestays for both the Edmonds and Hekinan students. Since cultural understanding is so central to the Sister City program, this has proven to be the most valuable activity that we undertake. The students and their chaperones from past years have felt that this program is truly an exciting learning event and one that can enhance personal growth and perspectives in ways that are difficult to match in academic settings. For students of the Japanese language, it can be especially beneficial. For some students, it has helped shape their college and career planning.

It should also be noted that the students chosen to participate are representing the community and their country and therefore should act in a mature and responsible manner at all times. They will be treated like visiting dignitaries and shown many courtesies. The Japanese are known for their hospitality and the exchange students have been impressed with this aspect of their stay. Knowledge of some Japanese language is helpful, but not necessary. Most Japanese staff and host families have studied English and can carry on at least a basic conversation.

YOUTH EXCHANGE AGREEMENT

It is the mission of the Edmonds Sister City Commission to promote international communication and understanding through exchange of people, ideas, and culture. With this in mind, Hekinan exchange participants agree to act as ambassadors of goodwill when they visit our sister city in Japan. Exchange participants agree to attend all organized group activities while in Hekinan or check with chaperones for special circumstances. Exchange participants agree to comply with a curfew while in Hekinan. Exchange participants agree to uphold the laws of both the United States and Japan during their exchange experience; this includes an agreement to refrain from drinking or smoking. Infractions of the law or flagrant breeches of conduct will be met with swift and appropriate action. After consultation with parents and Sister City officials from both Edmonds and Hekinan, chaperones have the authority to determine if a behavior is considered egregious, and to send students home immediately for such behavior at the expense of the student's parents.

Exchange participants agree to attend all orientation sessions, unless agreed upon by the chaperones. Exchange participants agree to follow the above stated behavior guidelines during the orientation sessions. Chaperones have the authority to remove participants from the program during the orientation period if: 1) the participant has been given a warning and has not made a good faith effort to comply 2) the chaperones consider the participant's behavior egregious or 3) the participant's behavior has the potential of jeopardizing the success of this delegation or the exchange program.

After returning from Hekinan, exchange participants may be asked to promote the Hekinan Youth Exchange Program by speaking to groups such as Japanese classes or public service organizations about their experience. These speaking engagements will be organized by the Edmonds Sister City Commission and would be voluntary.
