and
City of Edmonds**

This Agreement, pursuant to Chapter 39.34 RCW, is made and entered into by and between the Department of Enterprise Services, Facilities Division, Engineering & Architectural Services, hereinafter referred to as "DES", and City of Edmonds, hereinafter referred to as the "CITY".

The purpose of this Agreement is to establish a vehicle for DES to provide future Energy/Utility Conservation Project Management and Monitoring Services to the CITY and to authorize the development of the energy services proposal.

Now therefore, in consideration of the terms and conditions contained herein, or attached and incorporated by reference and made a part hereof, the above-named parties mutually agree as follows:

1. Statement of Work

DES shall furnish the necessary personnel and services and otherwise do all things necessary for or incidental to the performance of the work set forth in Attachment "A" and Attachment "C", attached hereto and incorporated herein by reference. Unless otherwise specified, DES shall be responsible for performing all fiscal and program responsibilities as set forth in Attachment "A" and Attachment "C".

Energy/Utility Conservation projects shall be authorized by Amendment to this Agreement.

2. Terms and Conditions

All rights and obligations of the parties to this Agreement shall be subject to and governed by the terms and conditions contained in the text of this Agreement.

3. Period of Performance

Subject to its other provisions, the period of performance of this master Agreement shall commence when this Agreement is properly signed, and be completed on **June 30, 2014** unless altered or amended as provided herein.

4. Consideration

Compensation under this Agreement shall be by Amendment to this Agreement for each authorized project. Each Amendment will include a payment schedule for the specific project.

For Project Management Services provided by DES under Attachment "A" of this Agreement, the CITY will pay DES a Project Management Fee for services based on the total project value per Project Management Fees Schedule set forth in Attachment "B".

If the CITY decides not to proceed with an Energy/Utility Conservation project that meets CITY's cost effective criteria, then the CITY will be charged a Termination Fee per Attachment "B". The Termination Fee will be based on the estimated Total Project Value outlined in the Energy Audit and Energy Services Proposal prepared by Energy Services Company (ESCO).

If monitoring and verification services are requested by the CITY and provided by DES under Attachment "C" of this Agreement, the CITY will pay DES \$2,000.00 annually for each year of monitoring and verification services requested.

Compensation for services provided by the ESCO shall be paid directly to the ESCO by the CITY, after DES has reviewed, approved and sent the invoices to the CITY for payment.

5. Billing Procedure

DES shall submit a single invoice to the CITY at substantial completion of each authorized project, unless the CITY requests a Special Billing Condition in the Amendment. Substantial completion of the project will include the delivery and acceptance of closeout documents and commencement of energy savings notification. Each invoice will indicate clearly that it is for the services rendered in performance of this Agreement and shall reflect both the Agreement and amendment number.

DES will invoice for any remaining services within 60 days of the termination of this Agreement.

6. Payment Procedure

The CITY shall pay all invoices received from DES within 90 days of receipt of properly executed invoice vouchers. The CITY shall notify DES in writing if the CITY cannot pay an invoice within 90 days.

7. Non-Discrimination

- b) Denying an individual the opportunity to participate in any program provided by this Agreement through the provision of services, or otherwise afforded others.

In the event of DES's non-compliance or refusal to comply with the above provisions, this Agreement may be rescinded, canceled, or terminated in whole or in part, and DES declared ineligible for further Agreement with the CITY. DES shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth therein.

8. Records Maintenance

The CITY and DES shall each maintain books, records, documents, and other evidence that sufficiently and properly reflect all direct and indirect costs expended by either party in the performance of the services described herein. These records shall be subject to inspection, review, or audit by personnel of both parties, other personnel duly authorized by either party, the Office of the State Auditor, and federal officials so authorized by law. DES will retain all books, records, documents, and other material relevant to this agreement for six years after expiration; and the Office of the State Auditor, federal auditors, and any persons duly authorized by the parties shall have full access and the right to examine any of these materials during this period.
