

Edmonds Wildlife Habitat Project

Supporting Edmonds as a National Wildlife Federation
Certified Backyard Wildlife Habitat Community since
2008

Fostering a Community that Lives in Harmony with Nature

Edmonds, WA.

EWHP History...Mission Statement/Goals

- **Protect, Preserve, and Restore** Wildlife Habitat in the **Edmonds Area**
- Help connect all residents of the Edmonds area to nature in a positive way.
- Educate residents on conservation, sustainability and bio-diversity needs.
- Connect children the “caretakers of our future” with nature.
- Enhance, restore, and expand wildlife habitat corridors in the Edmonds area through homeowner initiatives and government cooperation.
- Partner with local government, service clubs, businesses, faith organizations, and schools to help sustain our goals.

EWHP History...

2008... the project began...

Tabling/Outreach Events

Hosting Backyard Habitat Yard Tours

Certifying Local Parks

Certifying Faith Organizations/Community Centers

Friends of the Edmonds Marsh Meetings

Hosting Work Parties/Clean-Ups @ Local Parks

Since 2008...

Restoration work began on what would become the *Edmonds Wildlife Habitat & Native Plant Demonstration Garden*

Hosting *Coastal Clean-up Days* in Edmonds with various educational booths

Edmonds Frogwatch USA graduates, a partnership with the *U.S. Association of Zoos & Aquariums*

Creating a Edmonds ECO-Schools & Schoolyard Habitat Programs in partnership with the National Wildlife Federation

Edmonds begins to host the NWF/CWH WA Cities Retreats

2010 was of course our big year...

Laura Spehar, EWHP Team Lead gets a the national *NWF Conservation Service* award

June of 2010 Edmonds gets **certified!**
41st Community Wildlife Habitat City in the **U.S.**

2010 The *Edmonds Wildlife Habitat & Native Plant Demonstration Garden* **Opens** at the Willow Creek Hatchery on City of Edmonds owned property.

Where we are today...

Hosting free wildlife & native plant related programs at the Willow Creek Fish Hatchery

Supporting the *Edmonds Wildlife Habitat & Native Plant Demonstration Garden*, local environmental restoration projects as well as community outreach and education programs

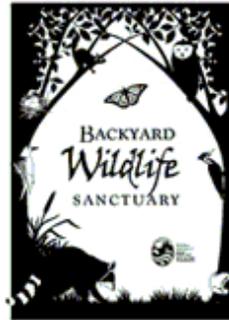

Supporting environmental events & native plants sales

One of our biggest goals is to help our future generations learn about preservation and stewardship...

How can you and our city better support the Edmonds Wildlife Habitat Project?

Set an example and certify your own yard or business as a wildlife habitat space and or corridor!

Help us to connect the very important dots!

Any Questions? Or if you would like to be put on the email list regarding local events...
