

# SAFETY TIPS WHEN WALKING (Edmonds Elementary School)

April 17<sup>th</sup>, 2018 @ 1:15pm

# Questions to ask ourselves when walking

*What makes me more likely* to get hit by a car?

*What can I do differently* to reduce the chances of that happening?

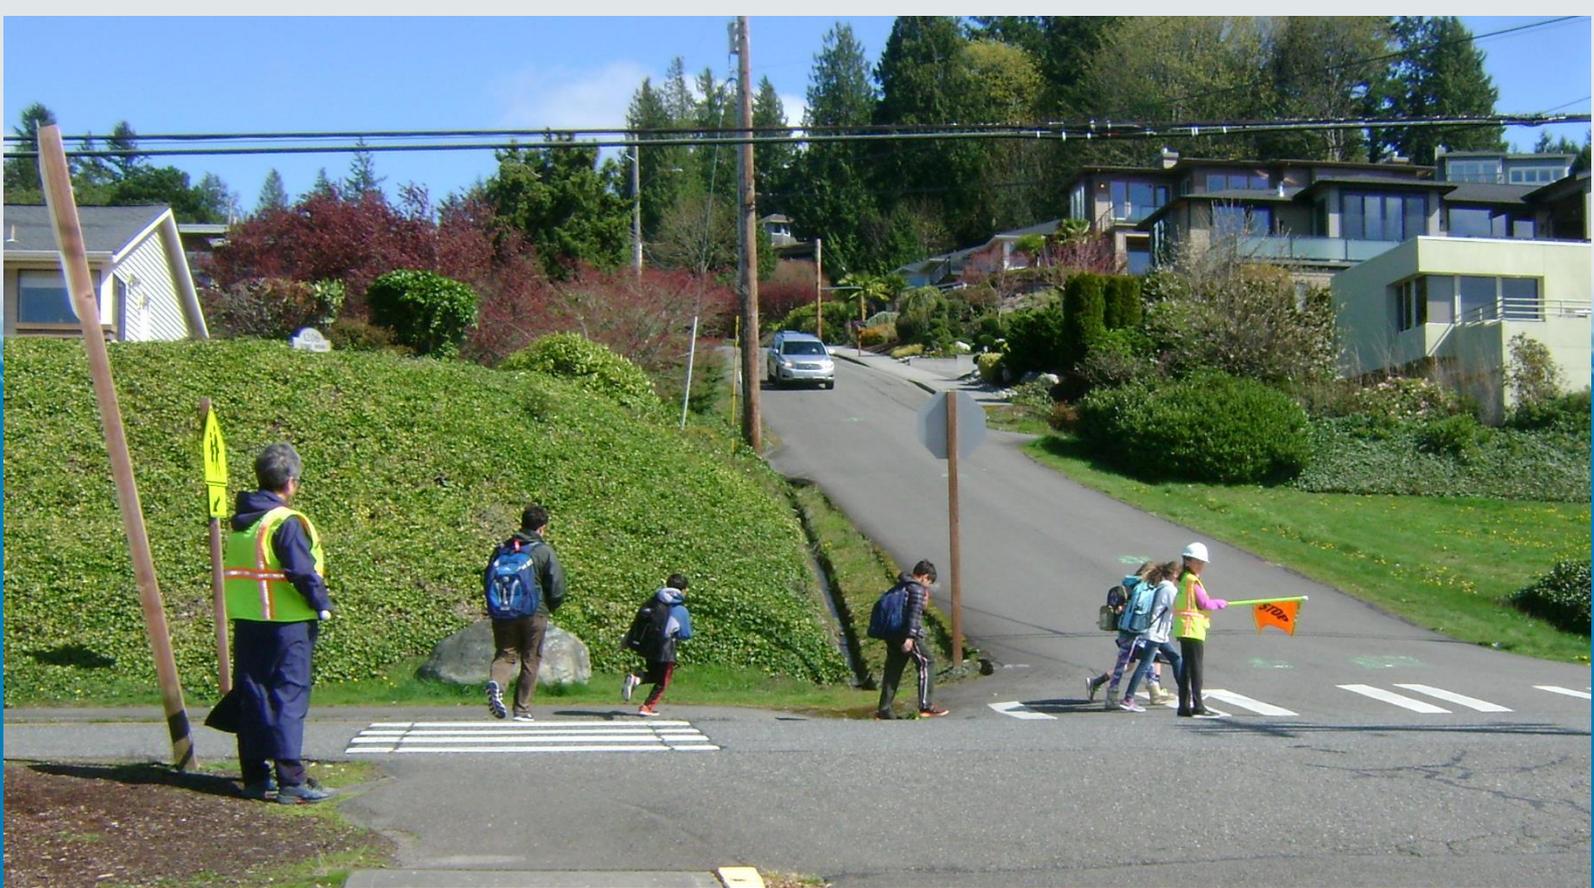

*What should I do* before crossing the street at a crosswalk / traffic light?

# Safety questions

Where should I always cross the street?

1. between parked cars
2. at a crosswalk
3. wherever I want

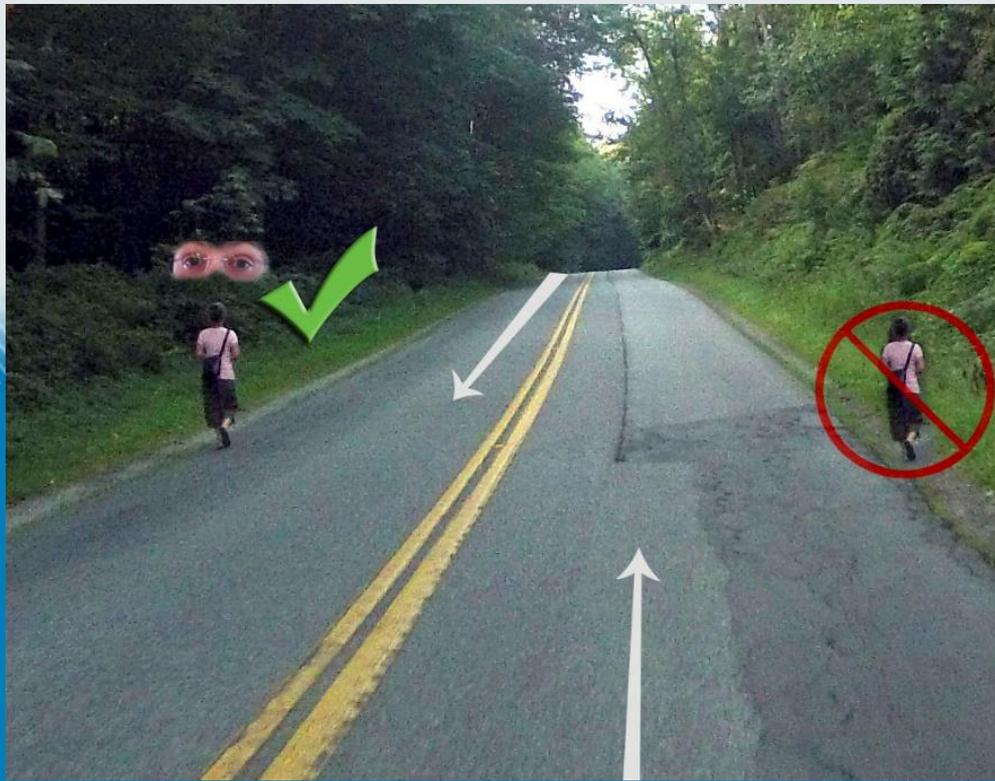

I should always cross the street:

1. between parked cars
- 2. AT A CROSSWALK**
3. wherever I want

When walking on a road with no sidewalk, I should:

1. walk on the left side of the road facing traffic
2. walk on the right side of the road with traffic
3. walk down the middle if there is no traffic

When walking on a road with no sidewalk, I should:

- 1. WALK ON THE LEFT SIDE OF THE ROAD FACING TRAFFIC**
2. walk on the right side of the road with traffic
3. walk down the middle if there is no traffic

Before crossing the street, I should:

1. look for cars coming towards crosswalk
2. try to make eye contact with any drivers
3. look left, right, and left again
4. stop at curb
5. all of the above

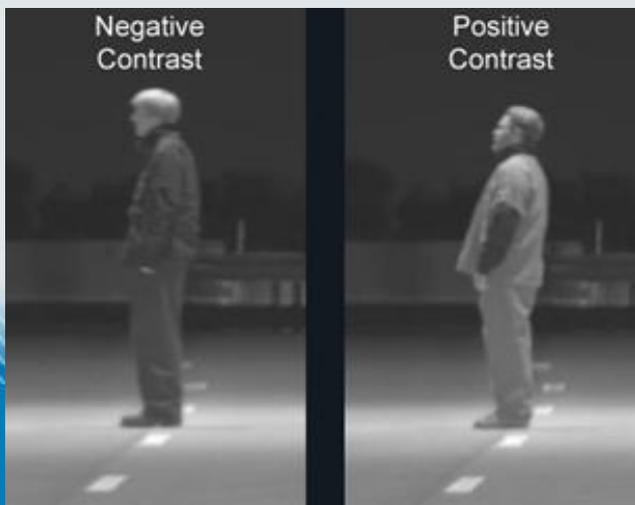

Before crossing the street, you should:

1. look for cars coming towards crosswalk
2. try to make eye contact with any drivers
3. look left, right, and left again
4. stop at curb

**5. ALL OF THE ABOVE**
