CONSTRUCTION NOTICE - 2014 Pavement Preservation Program Delayed

(Edmonds – WA) Due to inclement weather Chip Seal work being performed by Snohomish County maintenance crews, previously scheduled for Wednesday, July 23, will be delayed one week.

Crews are expected to chip seal 2nd Ave N during the morning hours of Wednesday, July 30th and will reach 72nd Ave W and 73rd Ave W that afternoon.

This work will apply a thin protective surface to the existing asphalt. Chip sealing is a cost-effective procedure that extends the life of a road by protecting it from the deteriorating effects of sun and water.

The work will occur in the following areas:

- 2nd Ave. N from Bell St to Caspers St**
- 72nd Ave. W from Olympic View Drive to 176th St. SW**
- 73rd Ave. W from Olympic View Drive to 179th St. SW**

Residents should expect traffic delays in these areas and are asked to not park on the street during work hours (7AM – 5PM). Vehicles that are parked on these streets will be towed as necessary for construction.

Crews will return in early August to apply a surface-sealing treatment to 2nd Ave. N and 72nd Ave. W. Notice will be provided to affected residents in advance when the additional work is scheduled.

If you have any questions, please contact Ryan Hague at 425.275.4808 or send an email to ryan.hague@edmondswa.gov.
