## **Construction of the 2016 Waterline Replacement Project**

**(Edmonds - WA)** The 2016 Waterline Replacement Project is scheduled to begin construction June 1, 2016. The project will replace or repair existing waterlines at 7 locations within the City.

The site locations are:

- 1: 217th Street SW (West of 88<sup>th</sup> Ave W)
- 2: 12th Ave N (between Vista Pl and Highland Drive)  
Sierra St (West of 92<sup>nd</sup> Ave W)
- 3: 87th Avenue W (South of 202<sup>nd</sup> St SW)
- 4: Northstream Lane (West of 9<sup>th</sup> Ave W)
- 5: 192nd St SW (between 94<sup>th</sup> Ave W and 93rd Pl W)  
93<sup>rd</sup> PL W (South of 192<sup>nd</sup> St SW)
- 6: Sierra Drive (between 80th Ave W to 81st Pl W)  
80th Pl (North of Sierra Drive)  
81st Pl (South of Sierra Drive)
- 7: 182nd Place SW (East of 72<sup>nd</sup> Ave W)

For reference, an overall site map is also attached.

The project will replace existing waterlines nearing the end of their life cycle and improve overall pressure, fire flow, and capacity to the existing water system. Expect temporary delays for traffic control operations during construction. In addition, the installation of waterlines may require temporary shut offs to allow for the switch over from the existing waterline to the new waterline. If a shut off is required, notices with the time and date of shut off will be sent to the affected users 3 days prior to the shut off. If you have questions, please contact Henry Schroder, Project Manager at (425)-771-0220.
