## **PUBLIC MEETING**

### **Dayton 3<sup>rd</sup> to 9<sup>th</sup> Utility Replacement Project**

**(Edmonds - WA)** Design of the Dayton 3<sup>rd</sup> to 9<sup>th</sup> Ave has begun. The project will replace the street and upsize the sanitary sewer, potable water and storm drain pipes generally from 3<sup>rd</sup> Ave S to 9<sup>th</sup> Ave S. The goal of the project is to replace very old sewer and water pipes while adding capacity to the City's drainage system. Increasing drainage capacity will help to alleviate flooding in downtown Edmonds during intense rain events.

A public meeting will be held at 6pm on Thursday April 5, 2018 at the Edmonds Plaza Room, 650 Main St, Edmonds, WA (above the Edmonds library). Please attend to discuss and learn more about the project specifics, public impacts and proposed construction schedule.

Questions: Contact Michele (Mike) De Lilla, (425)771-0220; via e-mail at [mike.delilla@edmondswa.gov](mailto:mike.delilla@edmondswa.gov)
